MISSION STATEMENT

"My goal in each class I teach is to inspire at least one dancer to be their true authentic self. I will work with all level and age dancers to provide them with a safe and fun environment in the classroom. I focus on strength and fundamentals to help dancers understand how to be consistent in all genres in preparation for an 8 show week Broadway schedule along with working as an ensemble. Musicality and Intention is an essential part of my class. I hope to provide a unique and fun experience for all dancers and pass on knowledge I have received throughout my professional career.
